

Device CARE GUIDELINES:

1. Keep the device away from extreme temperatures. Do not leave in car or outside.
2. Use the provided carrying case when transporting the device.
3. Keep food and beverages away from device when in use.
4. Use only the provided power adapter with the device.
5. Do not install any software or apps on device without prior approval from technology personnel.
6. Wipe the screen down with a soft, damp cloth if you need to. Do not spray anything directly on the screen or keyboard.
7. Do not let anyone use the device that is not authorized to do so.
8. Do not stack anything on the device such as books or other materials.
9. All use of the device must comply with the RHS Acceptable Use Policy.
10. Make sure all cords are cleared and there is nothing sitting on the keyboard before closing the laptop.
11. Wrap up the power adapter and mouse and place in the laptop bag where they will not press on the screen.
